

OVER-THE-TIRE TRACKS FOR SKID STEER LOADERS

Best OTT for skid steer versatility

CAMSO RUBBER OTT

TRACK PERFORMANCE ALMOST ANYWHERE

FEATURES

- Full rubber track reinforced with steel core and cables
- Wide continuous rubber track footprint

BENEFITS

- Allows smoother operation on asphalt, concrete and turf surfaces without damage or marking
- Increases flotation by 5 times compared to tires alone, and at least twice as much as standard steel tracks

Best OTT track choice for traction

CAMSO STEEL OTT

NEW

EXCEPTIONAL OFF-ROAD TRACK PERFORMANCE

FEATURES

- Case-hardened all-steel track construction
- Customizable sizing with variable pitch design

BENEFITS

- Maximized durability and performance in severe applications
- Facilitates easy product selection and installation

Camso tracks are also available for: Asphalt Pavers | Carriers & Dumpers | Drilling & Utility Equipment | Other applications

CONSTRUCTION RUBBER TRACKS

TRACKS FOR COMPACT TRACK LOADERS

Most durable CTL track choice for abrasive terrain

CAMSO CTL HXD

THE ULTIMATE TRACK FOR DURABILITY AND PERFORMANCE

FEATURES

- Single-cure technology with next generation rubber compound
- Forged metal cores with Trackguard technology

BENEFITS

- Promotes even tread wear for the longest and most predictable tread life
- Improves rolling path life for reduced failures and enhanced durability

SPROCKETS FOR COMPACT TRACK LOADERS

CAMSO CTL SPROCKET

DEM QUALITY AND PERFORMANCE AT AFTERMARKET PRICES

FEATURES

- Enhanced hardening with deeper penetration
- Premium quality design and engineering

BENEFITS

- Provides longer sprocket wear
- Meets the toughest OEM specifications

TRACKS FOR MINI-EXCAVATORS

Best MEX track choice for longest tread life

CAMSO MEX HXD

EXTREME DURABILITY AND RESISTANCE TO SEVERE CONDITIONS

FEATURES

- Curbshield technology with reinforced carcass edge
- Enhanced high-tensile rubber-sealed steel cables

BENEFITS

- Maximizes service life related to edge cuts, preventing metal core corrosion
- Resists cable corrosion to extend service life

TRACKS FOR MULTI-TERRAIN LOADERS

Best CTL track choice for traction in mud & snow

CAMSO CTL SD

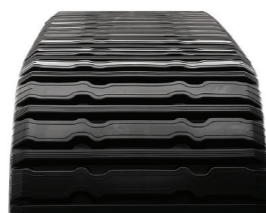

ALL-SEASON TRACTION AND DURABILITY

FEATURES

- Versatile all-season tread pattern with self-cleaning tread steps
- Low rolling-resistance rubber carcass

BENEFITS

- Provides outstanding traction on mixed soft surfaces like mud & snow
- Reduces vibrations and increases rider comfort while minimizing wear on undercarriage parts

CAMSO MTL HXD

ENHANCED DURABILITY AND PROTECTION

FEATURES

- Single cure technology with internal fabric reinforced design
- Heavy duty carcass construction

BENEFITS

- Protects against drive lug failures to add an extra season and complete tread life utilization
- Increases lateral stability to eliminate detracking for less downtime

CAMSO MEX SD

DELIVERS ENHANCED SERVICE LIFE WITH PERFORMANCE AND PREDICTABILITY

FEATURES

- Patented Triple S interlocking metal core
- Self-cleaning tread design

BENEFITS

- Prevents detracking and minimizes vibrations for better ride quality and lower maintenance cost
- Promotes void clean-out to maximize traction
